

# Join the Park Avenue WANT LIST program

800-992-9881 *Your Source for Rare Coins*

## Let Our Professionals Work For You.

The employees and affiliates of Park Avenue Numismatics attend every major numismatic coin convention and most regional shows. Decades of experience in dealing on the bourse floor, on a wholesale level, is at your disposal.

If you are committed to adding quality coins to your portfolio, then we can be of assistance. Let us know exactly what you are looking for, and we will locate it for you.

If you can't find what you're looking for in our Inventory, just let us know. Whether it be generic "fills" or one-of-a-kind items, we have the industry connections to search out even the scarcest items.

## How Do You Get Started?

Because there is never any obligation to purchase coins offered to you, we ask only for serious, committed clients to be part of this program.

With the exception of "done-deals" that may be negotiated in advance, all coins come with our unconditional return privilege.

You receive a full seven days in your possession to consider your purchase (three days for certified coins.)
